POLLUTION INCIDENT RESPONSE MANAGEMENT PLAN

Pollution Incident Response Management Plan – Port Kembla

This Pollution Incident Response Plan has been made publicly available as per Clause 98D of the Protection of the Environment (General) Amendment (Pollution Incident Response Management Plans) Regulation 2012 and the Protection of the Environment Operations Act 2011. For the purpose of this plan a 'pollution incident' is defined as:

“An occurrence or set of circumstances during or as a consequence of which there is or is likely to be a leak, spill or other escape or deposit of a substance, as a result of which pollution has occurred, is occurring or is likely to occur. It includes an incident or set of circumstances in which a substance has been placed or disposed of on premises, but it does not include an incident or set of circumstances involving only the emission of any noise.” ('Pollution Incident', Dictionary, Protection of the Environment Operations Act 1997)

Notification of Pollution Incidents

In the case of an emergency Morgan Cement International will contact the Emergency Services immediately on 000. After Emergency Services have been contacted, or in the case of non-emergency pollution incidents*, Morgan Cement International Port Kembla site will notify the following Authorities as follows:

| | | |
|---|--|--|
| 1. Fire & Rescue NSW | Contact number/s: | 000 |
| 2. EPA | Contact number/s: | 131555 |
| 3. NSW Health | Relevant Area Health Service: Contact number/s: | Illawarra-Shoalhaven (02) 4221 6700 A/H (02) 4222 5000 1300 066 055 |
| 4. SafeWork NSW | Contact number/s: | 131050 |
| 5. Local authority/s Wollongong City Council | Contact number/s: | (02) 4227 7111 |
| Port Authority of NSW | Contact number/s: | (02) 9296 4999 |

*A pollution incident is required to be notified if:

“There is a risk of material harm to the environment which includes actual or potential harm to the health or safety of human beings or to ecosystems that is not trivial, or, actual or potential loss or property damage of an amount, or amounts in aggregate exceeding \$10,000.” (Clause 1, Section 147, Protection of the Environment Operations Act 1997)

Contacting Neighbours and Surrounding Communities:

For pollution incidents that extend beyond site boundaries and which cause, or threaten to cause, harm to people, property or the environment, Morgan Cement International, Port Kembla site, the NSW & NT Operations Manager or Site Supervisor, will contact by telephone the identified neighbours as soon as possible after the incident.

Due to the site location it is unlikely that residential neighbours would be adversely affected by a release of product on site. In the very unlikely event that residential neighbours are affected, Morgan Cement international will seek the advice of the Emergency Services and Authorities to notify all relevant neighbours by a suitable method appropriate to the situation.

The following neighbours have been identified as those most likely to be impacted by a pollution incident

| Neighbour | Contact Number |
|---|---------------------------------------|
| Ixom (<i>Ixom owner and co occupier of the premises</i>) | (02) 4255 2700 or 0401715019 |
| Port Authority of NSW | (02) 9296 4999 or 1300 922 524 |
| Independent Cement and Lime (ICL) (<i>co occupier of the premises</i>) | 1300 440 072 |
| Metal Manufacturer's (MM) | 1800 804 631 |

Subsequently Morgan Cement International Pty Ltd., will letter box drop affected residents/neighbours with pollution incident information and site contacts details.

Pollution incident details will be placed on the Morgan Cement International Pty Ltd. website, <https://www.morgancementcommunity.com.au/environment>
